## Backup Database

You should backup your database and **\*\*download\*\*** it from your device before upgrading.

Go to the Folio app and press the Snapshots tab.

Folio - Tr01 ×							Danny	_		×

← → C ⋒ 🗋 192.168.1	.201/host#1f365601-0bd64680		5	* *	≡
	Upload Patches		su   Logout	InferS	tack
	Choose File or drag files here				

Drag your file or files to the window (you should upload all patches simultaneously):

Host ×		Danny	_		×
← → C ⋒ 🗋 192.168.1	.201/host#1f365601-0bd64680		\$	*	≡
	Upload Patches		su   Logout	InferS	tack
	Choose File or drag files here   bacnetExt.pod Remove   bacnet.pod Remove				
	Upload Cancel				

Press Upload to upload the new build. It will begin uploading. Once complete it will ask to reboot. Wait for reboot to complete:

## **Restoring Your Database**

If your database is not functional after the upgrade, you can restore it.

1. Go to the Folio app and press the Snapshots tab

Folio - Tr01 x							Danny	_		$\times$
